SEWER BILL REACHES GOVERNOR

Representative Frank Tanner of Reading, representing Wilmington in the State legislature, announced Tuesday evening that the so-called Wilmington Sewer Bill had passed all legislative hurdles, and was at that moment on the desk of Governor Furcolo.

The bill, which will allow the Town of Wilmington to set up its own sewer district, and its own control of the sewers to be built in this town, was originally passed by the House of Representatives two weeks ago.

Since then it has been passed by the Senate, with only minor changes, and enacted by both houses.

Governor Furcolo is expected to sign the bill within a week.

WILMINGTON LOST FIRST GAME ON HOME FIELD MONDAY

The first baseball game to be played on the new field, behind Wilmington High School saw a Bedford team defeat Wilmington by a four to two score. Richard Graham, Captain of the Wilmington team had the honor of being the first player to cross home plate, on the new field. Graham crossed the plate in the third inning.

Graham

The Bedford team had a powerful battery, Cole pitching and Byren catching. Both men went the whole game without relief.

Coach Joe Gilligan preferred to try out his men, and had four men in the pitcher's box. Paul Kierstead opened the game for Wilmington, to be followed by Billy Fay, then Jimmy Coombs, and finally Joe Peters.

Gilligan was obviously testing each of the men, and not putting too much of a strain on any one.

The game was very much hampered by a strong wind which blew directly towards the home (cont. on page 4)

B&M REPRESENTATIVE SAID WILMINGTON WAS A "GUINEA PIG"

According to the Board of Selectmen's minutes of a special meeting held on April 16th Foster F. Spofford, an engineer for the Boston & Maine Railroad admitted that Wilmington was being a 'Guinea Pig' as far as the railroad was concerned, with reference to the Shawsheen Avenue Bridge.

Spofford and the Board of Selectmen came to an agreement on the bridge, and work on the bridge was started on Monday morning of this week.

The agreement specified that the Town of Wilmington would erect a sign on the Wilmington-Billerica line, warning truck drivers that only six tons could be carried on the bridge. The Boston & Maine will erect signs on each side of the bridge, and also another, down near the Wilmington Coal & Oil Company yard, warning truckers of the load limit.

A six ton capacity is all that the reconstructed bridge will carry, and the Town of Wilmington has agreed, through its Selectmen to make every reasonable effort to keep trucks of a greater weight off the bridge.

The Railroad and the Town both agreed that they would cooperate in attempting to get the state Department of Public Works to relocate a portion of Route 129, so as to have a better site for a better bridge.

CDA SMORGASBORD MAY 1ST
Court St. Thomas, CDA, will have a smorgasbord, in Villanova Hall, on May first, from 11:30 am to 1 pm. Tickets are 99 cents each.

SALVATION ARMY DRIVE WILL BE MAY 3-10

The annual Salvation Army Drive in Wilmington is to be held during the week of May 3-10. The announcement was made during the past week by Jack Silvers of Andover Street, Wilmington Chairman.

The drive will be under the co-direction of Mrs. Frank Leavitt and Mrs. Edmund Ferguson, both of North Wilmington. Regional captains are to be appointed, and will be announced.

TAXI LICENSES HELD FOR ONE WEEK

Nine taxi licenses which the Board of Selectmen planned to issue last Monday have been held in abeyance for one week.

Selectman Nicholas De Felice thought that it might be wise to check with out-of-town police departments if there had been any complaints against the taxis before the licenses were issued, and the Selectmen voted to adopt his recommendation.

WORK HAS STARTED ON THE SHAWSHEEN BRIDGE REPRESENTATIVE THOMAS DONOHUE, OF WOBURN, INSPECTS THE WORK ON THE SHAWSHEEN AVENUE BRIDGE, MONDAY NOON TIME, IN COMPANY WITH TWO FRIENDS, WILLIAM SULLIVAN OF 7 CLARK STREET AND THOMAS BOURQUE OF CLARK TERRACE.

CURFEW TO BE ENFORCED MAY FIRST

The Wilmington Board of Selectmen have requested Acting Town Manager Alfred Calabrese to instruct the Chief of Police to enforce the Curfew Law, by which children under 16 years of age are not supposed to be out on the streets at night, starting on May 1st.

The request, made on motion of Selectman Charles H. Black followed an extraordinary session of the board and the Chief of Police, Paul J. Lynch accompanied by Sgt. John Imbimbo, in which the whole problem was thoroughly discussed behind closed doors.

Black's motion read in part 'that the Curfew By-Law shall be enforced in the spirit of reducing congregating of groups of teen agers throughout the town which are disturbing to citizens of the town.'

Specifically mentioned during the discussion was the widespread damage to telephone booths, and molestation of private property, including railroad depots.

Talks to Schools

Sgt. Imbimbo was instructed to deliver talks to children from the fifth grade up (with permission from the Superintendent of Schools) explaining the purpose and necessity of the curfew by-law. Sgt. Imbimbo will talk to the children on a schedule which he prepare, during the days of April 28th, 29th and 30th.

Children who disobey the curfew law may expect that their parents will have to hear about the circumstances, after May first.

CAMPANELLA & CARDI LOW BIDDERS ON SECOND SECTION OF INTERSTATE HIGHWAY 93

Low bidders for the construction of the section of Interstate Highway 93 which lies between Lowell Street and Salem Street were Campanella & Cardi, of Hills Grove, Rhode Island, the firm that is presently constructing the por-

tion of the route which includes South Wilmington, Reading and part of Woburn. Campanella & Cardi bid \$4,219,044 for the three mile section.

The second lowest bidder was M Damatio Construction Co. of Quincy, who submitted a price of \$4,294,291.

A total of 12 firms bid. The highest was the Wes-Julian Construction Corp. of Dedham, which submitted a price of \$5,138,768.

Department of Public Works estimated for construction of the section was \$4,894,951.

The bids were taken under advisement by Public Works Commissioner DiNatale, and an award will probably be made within two weeks.

Local residents along the 3 miles strip received their notices of land taking last week.

PRE-SCHOOL REGISTRATION

All children entering grade one in Sept. must be registered in May. Certificates of birth and successful vaccination must be presented at the time of registration. Pupils may be registered at any one of the schools listed below, regardless of which school they will attend.

All schools are open from 9 am to 4 pm for registration.

Walker School, Monday, May 5
Whitefield School, Tues. May 6

TOWN SELLS LAND TO CRONIN BROTHERS

12 Acres of land in North Wilmington, formerly part of the Water Department property, have been sold to the Cronin Bros. of North Reading, for use in erecting a garage. The papers were signed by the Selectmen last week.

The town voted over a year ago to sell the land, with certain stipulations, to the Cronin Brothers.

SELECTMEN VOTE TO ALLOW 25% ABATEMENTS IN BETTER MENT STREET CORNERS

A 25% abatement on assessments for betterments, in instances where lots of land lie on street corners, has been voted by the Board of Selectmen. The abatement policy was voted solely for street betterments.

The abatement will be allowed when a house lot is on a street corner or if on a corner of the road which is to all intents and purposes the same as though two streets were meeting.

No abatement will be allowed in any case where the land owner claims the right of deferring payment.

WILMINGTON CANCER DRIVE GOAL IS \$1300

Hailing the volunteer helpers of America, who have paved the way for the conquest of many diseases during the past half century, Lt. George S. Cushing has asked for volunteers to assist the Wilmington Cancer Drive on April 29th.

April 29th is C Day, Lt. Cushing stated. We in America contributed half a billion dollars in our fight against Polio, and now we have the Salk Vaccine. We have conquered many of the diseases, through cooperative volunteer effort.

We are now asking for volunteers to help in our fight against Cancer. We need assistance, and volunteers can call OL8-3341. The need is urgent.

LOWELL FIRM APPARENT LOW BIDDER ON HIGH SCHOOL ADDITION

Morris & Son, Lowell Mass are the apparent low bidders for the construction of the latest High School addition. Morris & Son bid a price of \$379,585.00. Other firms bidding, and the price bid were: Rocheford Construction Co. \$379,100.00; Sewell & Smith \$393,100.00; Rich Brothers \$394,000.00; Jacobucci, \$398,460.00; Margill, \$412,690.00; Ritchie, \$424,662.00; and Poley-Abraham, \$427,700.00. Several weeks may possibly elapse before the bid is awarded.

THIRTY YEARS AGO

It will be thirty years ago on the First of
May that Wilmington had its first bank - the
branches of the Mechanics Savings Bank and the
Reading Cooperative Bank, in Wilmington Square.

To Caleb S. Harriman, Wilmington tanner and
business man goes the credit of having these
banks open their branch in Wilmington, and to
him, indirectly, many a Wilmington family can
say that they today own their home, for many of
our homes have been financed through these two
institutions.

The bank building is the same size today,
but there the comparison would end. In those
early days there was but one clerk-manager,
Joseph B. McMahon, who
today is still the ma-
nager of the two bran-
ches, but now has as-
sistants to carry on
the greatly increased
amount of work.

Harriman often said,
in those early years,
"If we can get \$500,000
in deposits we will be
doing well".

Harriman lived to
see the day when there
were \$500,000 in de-
posits in the Mechanics
Savings Bank, Wilming-
ton Branch, and if he
were alive today he
would see over \$2 mil-
lions credited to Wil-
mington savers in the
Savings Bank alone.

Those first days of the branch banks saw Mc-
Mahon not only being the manager, but the clerk
for both banks, the Reading Municipal Light De-
partment, and the Wilmington Water Department,
all at the same time. Today only banking busi-
ness is conducted in the bank - the Light De-
partment and the Water Department billing being
done elsewhere.

There have been other changes too. That
first bank was quite unsophisticated, if the
truth were to be told. There was an open coun-
ter, and everyone was greeted at face value, at
least at first. But times were hard, there was
a depression on in those early days in the 1930
decade, and it didn't take long for some of the
criminally minded individuals to notice the
open counter.

The first bandit to hold up the bank almost
but not quite made it. He got a goodly sum of

SUSIE'S

SONNETS

SPRING IN THE SUBURBS

Spring is here; let us join the chorus;

Sing its virtues before they fling us:

Prune the bushes, burn the brush,

Clods of soil to dig and crush.

Clean the cellar, bins to paint,

Unearth tools from where they ain't.

Put up screens, and lawns to rake.

Rhubarb pies to make and bake.

Transplant seedlings, plant new seeds,

Wash the windows, watch for weeds.

Springtime's for the eager beaver;

Not for me; I've caught spring fever.

money, but then was intercepted by the Wilming-
ton police as he raced down some of the back
roads in this town.

Taken to the police station, he asked per-
mission to go to the toilet, and this was al-
lowed. Shortly afterwards he was searched, and
no money was found on him, but then the police
went and searched the toilet, and in the bowl
was the loot.

Not too long later the bank was held up a-
gain. This time it was a clean "get-away" Sev-
eral thousand dollars were missing as a result
of that break.

Then about three weeks later the same bandit
again robbed the bank building. He was captured
by Francis S. "Nifty" Hoban, up near Barrows
Nursery, in North Wilmington. Nifty rammed the
bandit's get away car with the police cruiser-
knocked it right over, as a matter of fact, and
when the bandit came to he was staring into the
barrell of Nifty's forty-four.

Nifty, now Deputy Chief of Police got a me-
dal for heroism as a result of that clash, and
the robber, who was the son of a respected Me-
thuen man got a jail sentence. He confessed
being the man who had robbed the bank on the
second occasion. If he hadn't gone back for his
second attempt he would never have been suspect-
ed.

Today the bank is perhaps one of the safest
in the country, as far as bandits are concerned.
Without revealing the secret it is safe to say
that any would-be bandit would probably end up
with a bullet in his body, if he attempted to
hold up the bank today.

And today the bank gets ready to start its
thirty first year of service for the people of
Wilmington - quiet, trustworthy and reliable as
ever.

THE SELECTMEN AGREE

The little squabble between the School Com-
mittee and the Parent Teachers Association a-
bout rental of halls to piano and other teach-
ers has found the Board of Selectmen backing
the School Committee.

Two members of the Selectmen, Chairman Frank
Hagerty and Mrs. Wavie Drew attended the School
Committee on April 16th, and found themselves
to be in unanimity with the school board.

The discussion was long, and found the
School Committee explaining the difficulty of

TOWN NOTES

Weather

April is smiling. The weather
has finally turned warm, with
temperatures in the 70 and 80
degree range. There has been
no rain since the 12th of A-
pril, that is up until last
Sunday. The brooks and the
rivers are slowing receding
and one of these days we
should be able to walk along
them again.

Curiously, Silver Lake has
not regained its normal height
in spite of all the water this
spring. It must be that the
ditch which was re-dug a few
years ago has been deepened by
somebody or other.

More Boys Than Fish

The fishing season opened
with a bang at 4 am Saturday,
and as far as most seasoned
fishers are concerned, closed,
at least temporarily, about
three hours later.

The boys outnumbered the fish
by about four to one, and the
waters of such well known
fishing spots as Lubbers Brook
and Horn Pond were thoroughly
flailed by the youngsters be-
fore the day was very old.

Horn Pond, in Woburn had an
estimated 10,000 people lin-
ing its banks. Some Wilming-
ton men who went down there
stopped their fishing and
just enjoyed themselves by
watching instead - and in ad-
dition to the enjoyment they
saved themselves from such
vexing things as tangled fish
lines - something the boys
found out about as the day
progressed.

The Ipswich River, as we re-
ported last week, was not
stocked within the confines
of Wilmington but was stock-
ed in Reading and North Rea-
ding - but there were plenty
of men from Reading who came
up to Jenks' bridge to try
their luck. All day long
there were people at Jenks,
but not one fish was caught.

The best fishing in Wilming-
ton was at Lubbers Brook where
it crosses Glen Road. At least
two youngsters, young Billy
Curtin, and young Paul Lynch
had caught their limit before
six am. After that, in spite
of the fact there were plenty
of fish there were very few
catches.

Up on the Shawsheen there
plenty of fishermen, and some
catches were reported, but not
as good as on other opening
days. The water wasn't too
high in most places, but parts
of the lowlands were flooded
to the point that only by
boat could anyone get there.

Silver Lake had its share
of youngsters, none of whom

LITTLE LEAGUE

Try-outs for the Little League will be held again this weekend, April 26 & 27, Saturday at 1 p.m. for 9 & 10 year olds, and Sunday at 1 p.m. for 11 & 12 year olds. Monday night, April 26, the boys of both age groups will be picked for Major Teams by the Managers of the teams. The boys picked for these Teams will have their names in the paper the week of April 26. Those boys whose names do not appear

in the paper are to report back to the Common on Saturday May 3 at 1 p.m. (including all boys of 9-12 years of age) for tryouts for one of the 6 minor league teams.

Last year I received numerous calls from parents asking why their son was not picked for a Major Team. I would like to repeat that I in no way, shape or manner have any part in picking boys for Major or Minor League Teams. This is done by a fair system of bidding for each boy, by the Managers of the different teams, so

please don't call in regard to this. Any other questions about Little League, I would be more than happy to answer.

When the season starts, each Manager of a Major Team, of which there are 4, is allowed only 15 boys, so you can see the difficult job they have in picking 60 boys out of a possible 250 boys.

**TRUCK DRIVER PINNED DOWN
WHEN TRUCK JACK SLIPS**
Wilmington Firemen displayed

the results of their first aid training, Saturday morning, when they rushed to Bill & Mel's Texaco Station to give assistance to a Roxbury truck driver who had been pinned down by his own truck.

Fireman Fred Kleynan was commended by Selectman Charles H. Black for his quick thinking. Kleynan without hesitation tore apart the victim's clothing, rather than spend time in what may have been a fruitless effort to get his coat off.

The victim, Charles Pinckney of 63 Vale Street Roxbury was

changing tires at the time of the accident. The jack holding the truck slipped, and Pinckney was pinned to the ground by his left arm. Luckily the entire weight of the truck did not rest upon him, as some of the tires that were under the truck caught part of the load. Pinckney was soon released by Kleynan and Fireman Charles Ellis, and rushed to Choate Memorial Hospital, where he was found to be suffering from minor injuries.

picking between activities, such as was explained in this column two weeks ago. Mrs. Drew added a thought which apparently had not been realized by the school committee members (at least as of that moment) when she pointed out that the insurance picture would change radically if the hall were rented out, and that the town could be liable for accidents in such an event.

(As a matter of fact the School Committee had known this, and mentioned it in a discussion of several years ago, but apparently they had forgotten it in the interim)

While no hard and fast decision was made, there was agreement that the School Committee was doing the best possible thing, and the only added thought, other than Mrs. Drew's insurance angle, was a wish expressed by Mr. Hagerty that the School Committee try to get things a little more concretely expressed.

A GOOD YEAR FOR LITTLE LEAGUE

We may be wrong but it is our belief that 1958 will see the best year ever for the Wilmington Little League.

Our Little League now has several years of experience behind it. Twice it has gone so far as to play in the Regional Semi-Finals. This year we hope to see our team in the Finals, if not further.

Physically the team now has good grounds. Devoted workers, such as the seventeen men and one woman who reported last Saturday at the grounds have made our Little League Park nothing to be ashamed of. The woodwork has been painted a satisfactorily deep green, and there is a very fine growth of grass on the diamond.

Still more important, there is to be noticed a certain sense of elan among the officials and the boys - the result of work and efficiency. The results can already be seen in the spring-tryouts, now taking place.

Our Little League is now ready to go places, and we think this year will show it.

Wilmington Loses (cont. fr. Fr. Pg.)

plate. Fielding was very difficult, as the wind changed the speed and directions of the ball. Secondbaseman Damon of the Bedford team made perhaps the best play of the game when he caught a fly ball hit by Peters in the last inning, and then fell, but kept the ball in the air. It was the deciding play of the game. The Wilmington team was the first to break the ice, when Graham singled in the third inning. Johnny Amaro made a beautiful bunt, and made first McKenna followed Amaro, and also bunted, filling the bases. Paul Butt bunted, and the pitcher, who recovered tried to put Graham out at the plate but Graham beat him to it.

Bedford came back in the 4th inning with two runs, and they made two more in the sixth, to lead Wilmington by one run.

In the crucial seventh, Bemis made first on a single to left field, Joe Peters made a pop-up fly, which was nicely snagged by the Bedford Secondbaseman Damon, and Phil Tupper struck out. Bob Cornish, last man at bat, grounded out on a fielders choice, and the game was over.

NEW CULVERT NEEDED ON GARDEN AVENUE

Acting Town Manager Alfred Calabrese told the Selectmen Monday night that the two culverts for Mill Brook, at the new Garden Avenue (from Burlington Avenue to Shawsheen Road) were not sufficient. The water in the brook has been unable to pass through the two culverts. Unofficial advice, he said, received last week put the cost of a new culvert at \$1500.

The problem was discussed because of reports from two residents of Shawsheen Road of bad water conditions near their homes, conditions which

THREE WILMINGTON MEN SENTENCED IN MALDEN COURT

Charles Cushing, Jones Avenue and Paul Guiffre of Wiser St. were found guilty of attempted larceny, in Malden Court, on April 21st.

Cushing was sentenced to 18 months in the House of Correction, and Guiffre was fined \$100.

Douglas Parker, of Salem St. North Wilmington was fined \$100 at the same time. Parker had been arrested on a charge of assault and battery by means of a dangerous weapon, but the charge had been reduced.

At 12:35 am April 16th., a car owner in Malden came upon the trio, stripping his car. He called the police, and the men tried to run over him as they escaped in their own car. The Malden man got the number of the car, and it was soon traced. The Malden Police notified the Wilmington Department, and 20 minutes later Sgt. Shepard and Officer Kelley of the Wilmington Police stopped the trio in Wilmington Square.

WILMINGTON WSCS TO HOLD RUMMAGE SALE IN READING

The WSCS of the Wilmington Methodist Church will sponsor a Rummage Sale in the American Legion Hall in Reading on Friday and Saturday, May 1 and 2.

"NO ODOR" SAYS BOARD OF HEALTH CHAIRMAN

In a letter to the Board of Selectmen, read at the Monday night meeting, Vinal Lewis, Board of Health Chairman declared that he could detect no piggery odors on Park Street last Saturday.

Lewis was requested to check into the situation because a Park Street resident had complained.

His letter stated that he went to the home of the complainant while the wind was blowing from the site where the odors were supposed to originate. The temperature, he said was 70 degrees. He stood before the home for 20 minutes and smelled nothing objectionable.

He also enquired of nearby homes if they had any complaints, his letter said, and he reported that none of the neighbors were complaining.

SELECTMEN ADOPT FIRE DEPT REGULATIONS

Regulations, prepared by the Chief of the Fire Department for the governing of the members, were adopted by the Board of Selectmen, practically without debate, Monday evening.

The Selectmen were unable to start discussions until 11:15 pm., and were at first inclined to put off discussion until another evening.

On the instance of Nicholas De Felice and Frank Hagerty the Selectmen voted through the regulations. The only discussion concerned a prohibition of discussion of religious matters, which at first was not affirmed, but on second thought the Selectmen affirmed the wisdom of the regulation.

TEWKSBURY REQUESTS WILMINGTON SELECTMEN TO ASSIST ON THEIR ROUTE 93 PROBLEMS

A letter from the Tewksbury Board of Selectmen, read at the Wilmington Selectmen's meeting Monday night, and requesting the aid of the local board in getting changes made for Route 93 so that Tewksbury could have a 'cloverleaf' in an industrial area of about 1600 acres, was read and placed on the table by the Wilmington Selectmen.

Selectman Nicholas De Felice observed that the time to make protests was past, and that the Wilmington Selectmen had spent many hours several years ago in their planning of Route 93. He did not think it proper to attempt to have changes made at this late date.

SELECTMEN HEAR SHAWSHEEN AVENUE COMPLAINTS

Residents of the Shawsheen Avenue Area, led by Ed Thomas of Fairmeadow Road voiced several complaints before the Board of Selectmen Monday evening.

Complaints were voiced about the flooding of land along the cranberry bog, by the owners or operators of the bog.

A complaint was made that Manning Street had been damaged, while being plowed by snowplows, and it was now impassable.

Selectman Black, to the second complaint, thought that it would be possible to repair the damage without too much trouble. The cranberry bog complaint was an old one to the Selectmen, who have a suit filed against the town by the owners. It will be discussed with the Town Counsel.

Also discussed was the matter of outside appraisers visiting homes in the area.

Acting Town Manager Calabrese

told the group that some outside appraisers have been hired to work on Saturdays, bringing the appraisal of new buildings up to date. This was necessary, he stated, when he was appointed Acting Town Manager. The work still has to be done.

The methods being used, he told the group, is exactly the same as was done in 1955, at which time an outside firm was hired to appraise every building in Wilmington.

Nichols Street Bridge

The group were told that action is pending on effecting changes to the Nichols Street Bridge.

One of the Boston & Maine engineers, Calabrese said, had made two proposals, one that a separate footwalk be built beside the bridge, and second that an effort be made to remove the 'hump' from the bridge.

Francis Hagerty, Chairman of the Board emphasized that the proposals were tentative, and probably the railroad and the town would have to share the

costs if adopted. He told the group that they were entirely separate from any that might result from joint County-Town-Railroad action.

MRS JOHN HAYWARD ELECTED PRESIDENT, WILMINGTON WOMEN'S CLUB

Mrs John G. Hayward was elected President at the annual meeting of the Wilmington Women's Club on April 17. Other officers for the year 1958-59 are:

DOG KENNEL CASE REFERRED TO TOWN COUNSEL

A dog kennel owner on Wildwood Street may possibly have to face court action, as the result of action by the Selectmen Monday night.

Objections have been voiced in the Selectmen's meetings for over a year about the kennel. Reports read Monday night stated that the kennel was clean, but that it was not licensed, as kennel licenses are not granted in Wilmington. The Selectmen voted to refer the case to the Town Counsel for possible court action.

ALL DAY PARKERS IN WILMINGTON SQUARE DRAW IRE

Selectman Charles H. Black, mindful of the efforts of Wilmington merchants, such as the Hardware Store, to provide facilities for all day parkers, had a few words to say in the Selectmen's meeting Monday night about certain motorists. Black mentioned specifically a car with a sign 'For Sale' which was parked all day for several days near the Wilmington Post Office, and asked that 'No Parking' regulations be enforced.

AMBULANCE WAGE ACCOUNT IS LOW

A request was made by the Selectmen, Monday night, of Finance Committee, to transfer \$250 to the Ambulance Account, Labor, which Acting Town Manager Calabrese reported was low.

The amount allocated for the Labor Account this year was the same as last year, Calabrese told the Selectmen, but there has been a considerable amount of illness, more than last year. Nearly \$470 has been spent so far this year.

The \$250 would be enough, he believed, basing his opinion on one given him by the Chief of the Fire Department.

caught anything more than pan fish (which are not even supposed to be there).

No bass were caught, insofar as this paper can determine, either at Silver Lake or in Foster's Pond. It really isn't the Bass season yet, anyway. In another ten days or so the bronze back fighters will come out of the deep waters and look for shallow sandy spots for their spring nesting.

That's the time that bass - the male of the species, that is, can be caught. The males most ferociously guard the nests, and will attack anything that approaches - crows, floating sticks, rubber boots, even little inoffensive worms who happen to be impaled on hooks.

We look forward to getting some good reports on Bass fishing after the first of May and invite anyone who makes a good catch to bring it around to our office to be photographed.

Deadpan Catch

Father Palmieri of St Thomas Church was one of those who was down observing the Little League tryout last Saturday. He stood in the sidelines talking with a friend, as a foul ball whizzed over his shoulder.

Without any change of expression, and hardly even noticing the ball, the good priest put his hand up in the air, caught the ball, returned it, and didn't drop one syllable of the conversation he was carrying on with a friend.

Big Catch

Bob Burns, of Forest Street made a different kind of a catch, Saturday afternoon. Bob was one of the few men to get a respectable trout out of Horn Pond. It measured nearly 18 inches, we are told.

Pony League

Wilmington's Pony League, which has been playing sort of catch as catch can games for the past few years now has a pretty good chance of being a part of a regular league.

There are four pony league teams in Reading, and three in Stoneham, and according to the latest info. the Reading, Stoneham and Wilmington teams might combine into an eight team league, with full playing schedule.

It will be quite a break for the thirteen to fifteen year old boys of Wilmington.

Perfect Record

We notice that the Rotary Club of Stoneham has given an award to A. P. Rounds, he who developed Hathaway Acres, in North Wilmington.

Rounds has had a perfect attendance in the Stoneham Club for the past 35 years. Not one meeting missed in all that time.

Good By Frog Pond

Ever since 1883 the boys (and girls too) who attended the Center School have had a certain diversion in the form of a muddy pond behind the school - always called Frog Pond.

It was there that countless youngsters made their acquaintance with tadpoles, in the spring time.

It was there that no quite so many boys got their shoes wet, and had to sit in school with their shoes on the register to dry.

It was there that the boys would build small rafts, and imitate Christopher Columbus, until brought back to shore by the stern demands of a teacher.

But Frog Pond is no more. Where it stood for so many years is now just a heap of mounds - or pile of piles, or anyway a lot of dirt.

It will soon be leveled off, and the pond will soon be forgotten.

The WCS of the Wilmington Methodist Church will sponsor a trip to Barbo' in Stoneham April 30. Anyone interested should call her circle chairman or Mrs Hazel Burris at OL 8-2489. A talk on 'Refinishing Furniture' will be a highlight of the evening.

JOE'S SURPRISE PARTY

A surprise party for Joe Courtney, held last Friday in a Saugus restaurant, - except that it wasn't a surprise to Joe - he recognized too many Wilmington cars as he was driven into the parking yard.

Fred Cain, Mrs Drew, and Rep. Frank Tanner. Mayor Fred Pompeo of Medford. Mrs. Marion Boylen with Mrs. Courtney Vinai Lewis and Fred Calabrese.

LIBRARY CIRCULATIONS INCREASES 15% IN FIRST QUARTER

Over a thousand more books have circulated in the first quarter of 1958 than during the corresponding period for last year, according to figures compiled by Mrs Chipman, Librarian at the Wilmington Public Library. A total of 7,640 books were taken out in the first 3 months of 1958 as compared with 6601 for 1957, exclusive of bookmobile circulation.

Bookmobile figures for March are for just one visit, that on March 4. the third time the bookmobile came to Wilmington. The fourth and fifth visits were made April 2 and April 23. Figures for April are not yet available. On March 4 the circulation at the North Wilmington station at the corner of

Woburn St and Hathaway Rd was 130; at the Silver Lake station at the corner of Main St and Grove Ave, it was 19. Inasmuch as the Lake area is twice as populous as the other area and the book circulation only one-sixth as much, it is possible that the Library Board may consider another location for the second stop if present ratio holds for the next several months.
